

## Nurse – Summer Staff Position

Havaya Arts is a high-quality arts and summer camp experience. Here, vibrant Jewish communal life enhances our art, which in turn enhances Jewish life and identity. It's where kids become the best versions of themselves. We are looking to welcome a Nurse to oversee and run our health center. Based on-site at University of Redlands (Redlands, CA), the nurse will support our joyful, welcoming, and progressive Jewish community where campers grow as intentional artists and amazing human beings.

### Description of Responsibilities:

- Oversee camper and staff health and wellness throughout the summer
- Care for sick or injured campers on a daily basis, including dispensing medication and responding to emergencies
- Ensure well-stocked inventory for all health center supplies and stock medications
- Follow all health standard and local operating procedures
- Establish regular communications with the camp consulting physician
- Maintain health logs and perform routine health checks on campers and staff
- Perform health checks on opening days and assist with any necessary treatment
- Communicate with campers' parents about health concerns

### Expectations for All Staff Members:

At Havaya Arts, our staff community is built on trust and compassion. To that end, we expect that all staff members, regardless of position at camp, to demonstrate the following behaviors:

- Participate fully in camp life.
- Elevate the fun and joy of being at camp and making art.
- Strive to know the names (and stories) of every member of the community.
- Ask open-ended questions.
- Self-care.

### Compensation, additional information and qualifications:

Compensation is competitive and dependent upon license, length of stay and if Health Center Staff children are enrolled as campers. All nurses must be licensed.

Nurses will be provided housing and meals on campus during the entire seven-week contract, June 16-August 5, 2019.

Salary is competitive and dependent on level of training, license (LPN or RN), and experience.
